Over the last 10 years, both the vineyard and winery have been completely modernized to meet the latest international quality standards. In the vineyard alone, over 800 hectares have been replanted using the highest quality grapevine from France and Italy.

Recaș Winery prides itself on producing Solo Quinta (dry, white wine), which was awarded the Gold Medal at Vinalies Internationales (France) and Cuvée Überland (red wine), which was awarded the Gold Medal at Concours Mondial de Bruxelles.
